

WHY YOT CAMPUS AMBASSADOR MENTORSHIP PROGRAM SHOULD CHOOSE ME?

My dream is to become a psychologist influencer who has a big community. And to make my dreams come true i should have more specific steps. YOTCA is one of my steps to realize my dream by developing and improving myself through training with qualified mentors as well as the opportunities and support that is provided by YOT. Having cool connections is also a big attraction for me.

What made me deserve to be chosen as YOTCA? The first thing is because I have the same dream as YOT, which is to create a stronger generation for Indonesia. I also have values to keep learning, sharing, being inspired and inspiring. In addition, I have experience as a Campus Ambassador in Hipwee. where my job is to introduce and build a positive image for the Hipwee. I Also have good leadership, communication, and creative thinking skills because I'm used to leading teams in organization and projects. I am also active in creating content on various social media such as Instagram, Spotify, and YouTube, so I'm used to creating quality content

With the skills and experience I that have, I believe that I can make a good contribution by being an extension of YOT for youth. So that YOT can reach and have a wider and more specific impact. I can also help raise a positive image for YOT through social media with my communication skills, creative thinking, pitching, and social media management skills. I also have several youth communities that can work together with YOT in making a positive impact for Indonesian youth. I am also a person who likes to share knowledge to others, so If I am elected as YOTCA then I can contribute with YOT in realizing a stronger generation of Indonesia.
